WITH JOEY KORN

INTERNATIONALLY RENOWNED DOWSER,
ENERGY WORKER & SPIRITUAL TEACHER

DALLAS

STRAIGHT FROM THE HEART CONFERENCE

Keynote Address: *Unlocking the Secrets of the Energetic World* Saturday, Sept. 20 at 10:15 am

We are filled with and surrounded by subtle Life Force energies that are behind the scenes of everything in life, connecting us to everyone and everything in the universe. Joey Korn has been passionately exploring these energies with dowsing for twenty-two years, seeking to unlock the secrets of the energetic world. He asks questions of the universe, and he gets answers. What are these energies? Why do they make the same repeating patterns? Why do some of these energies seem to be detrimental to us, causing what many call “geopathic stress”? What makes them detrimental in the first place? How can we make and keep the energies around us beneficial and supportive of what we most desire to bring into our lives? How does this all fit into ancient spiritual teachings, such as Kabbalah, and into modern-science, especially quantum physics? Joey will answer all of these questions and more, helping us to demystify the metaphysical and apply new understandings into our lives. Everything is ultimately knowable in the Light.

Two Day Workshop –Mon. & Tues., Sept 22 & 23 from 9 am to 5 pm ***Dowsing, Blessing, & the Universal Matrix***

Joey will teach you a system of dowsing & energy work that you will immediately be able to apply into your life. We'll begin with the basics of dowsing, using Joey's own techniques to find various kinds of detrimental Earth energies, including:

- Four different types of Earth energies
 - Human-related energies
- Electrical fields around appliances (EMFs)

You will then learn to change any detrimental subtle energy fields that weaken you into beneficial energy that strengthens and nurtures you, including all of the above energy fields.

Joey will also share his “Kabbalah connection to dowsing.” He has found the kabbalistic Tree of Life in a tangible (dowseable) pattern of energies around every human being. You'll learn to dowse your own personal Tree of Life and the patterns of others, detect imbalances in those patterns, and learn what the imbalances are related to. You'll learn to correct those imbalances in many different ways with Joey's “Simple Blessing Process.” Joey will teach you to find other levels of the Tree of Life, making what he calls the Bed Pattern, the Room Pattern, the House Pattern and Earth energy grids that course the Earth. You'll experience an incredible, dynamic connection we each have with all of these energies in the Universal Matrix to help you create ideal energy environments to support what you most desire to attract into your life.

Note: While it is possible to attend only the first day of this workshop for a reduced rate, Joey strongly encourages you to attend both days. It all comes together on the second day.

Attend both days for \$195. Workshop will be held at Heartsong Hypnotherapy Center. Register at the Conference Registration Desk, or see Joey at his Vendor Booth.
